

## Installation instructions of Cardinity payment module for WooCommerce platform

## 1. Module installation

- 1. Download the module from Cardinity integration page: <u>https://cardinity.com/integration</u>
- 2. Sign-in into your e-shop member's area.
- 3. Then navigate to *Plugins-> Add New*.

4. Click on *Upload Plugin* link located at the top of the page.

🙆 Dashboard	Add Plugins Upload Plugin
✤ Posts	Featured Popular Recommended Favorites
<ul><li>Pages</li></ul>	Plugins extend and expand the functionality of WordPress. You may automatically

5. On the next windows click *Choose File* (there you'll need to choose Cardinity Woocommerce module, which you've downloaded from Cardinity website) and press *Install Now*.

Chasses File	cardinity was as 1.0.0 rin	Install New
--------------	----------------------------	-------------

6. If everything goes well you'll see *Activate Plugin* link on the next page. This means that Cardinity <u>payment module</u> was successfully installed. Next step is module activation.
